The Lunar Return

Astrology can provide many valuable panoramas as you move through this world, from a lifelong overview to the snapshot of the opportunities available in a single instant. The view you get depends upon how far back you pull from the subject and thus how much your eye, so to speak, can encompass. In the words of the Sesame Street song:

That's about the size,
Where you put your eyes,
That's about the size of it.

It's all in how you frame your picture. The closer to the subject you get, the greater the detail - the farther away, the larger the scope. The natal horoscope with its transits and progressions can, for instance, give you a view of all the days of your life, painted with a broad brush. Or, the sweep of the heavens in the instant of the moment can portray where you're at right now. In the middle, the pictures of the coming month or the coming year are available to you in the form of lunar (monthly) and solar (yearly) returns.

What Is A Lunar Return?

Your Lunar return is the monthly chart of the instant the Moon in the sky returns to the exact position it was at your birth. It's kind of a monthly birthday, and the arrangement of planets it displays reflects the patterns of your coming month. Each month, this re-birth-day works out its potential for you and then is renewed once again 27 1/2 days later with a new set of surprises and opportunities.

How Does It Work?

Like your natal chart, or any other kind of horoscope, a Lunar return is a chart of a beginning - in this case, the monthly beginning of the lunar cycle that started at your birth, which is the cycle of your response to your environment, including your emotions, feelings, interactivity, social well-being, and generally how creatively you react to the challenges and opportunities of life. It works on the principle that when you begin something - anything - everything that flows from it is bound up in the initial conditions under which it started. The beginning is your foundation, and you build and rest upon it until you are finished. A Lunar return is the astrological depiction of the new beginning you make each month and what results from it until the next cycle begins.

Well Begun Is Half Done

"The beginning is half of everything," said the ancient Greeks, and so your monthly beginning is something to be taken seriously and honored, if you want your lunar month to have a good start. Thus, give yourself a little time and space to rest and meditate if you

can in the few hours surrounding the time of your Lunar return each month. Take the time to think about what lies ahead, plan your strategies, and gather your resources so you can make the best of what's offered. Look over the aspects in your Lunar return chart and the days and times ahead where they individually kick in. Once you've got a calm picture of the challenges and openings to come, you can rise to seize the day, one moment at a time, and make the most of the month.

Changing The Picture

The planetary positions in a Lunar return are locked in at the moment the Moon returns to its natal place. Where these positions fall in relation to the local horizon, and thus the areas of life in which they work, is entirely dependent upon where you are at the time. Thus, if you see that your Lunar return is going to develop a picture you'd like to rearrange, that can be accomplished by placing yourself at the right spot on the globe to fine-tune the event. Many astrologers travel widely in order to adjust both Solar and Lunar returns - I have done so repeatedly over the last 35 years with apparent great success, so I recommend it when necessary. Moving about extensively every month is not easy for everyone, but being aware that it affects the Lunar return is a plus if you normally travel on business and have some say as to where.

Pieces Of The Puzzle

The Lunar return is a large piece of the astrological picture of what happens with your life every month, but it is not the only one. Lunar transits, New and Full Moons, and other factors also weigh in, so they have been included in this report so you can have a more complete picture of what to expect and what you have to work with. You should remember, however, that factors whose timing is as short as a monthly cycle are more like the minute or second hands on your life's clock face. Don't forget to stand back every now and then and refresh yourself with the big picture of where you are and where you're going, which are described by long-term transit and progression cycles. After that, you can get back down to the day-to-day nitty-gritty which the Lunar return offers and know that your focus is tracking and every moment is enjoyed and utilized to its best advantage. With that in mind, read on and launch yourself into the coming month with the wind at your back and the planets racing by your side...

Your Personal Lunar Return

Your Lunar Return Chart This Month

Your Lunar return can be read in a manner similar to many other types of horoscopes, except that in doing interpretations it must be kept in mind that it has an unusually short life. The chart is only in effect for 27 1/2 days until it is supplanted by the next Lunar return. Thus, where the middle and outer planets are concerned, there is little or no change of sign over literally dozens of Lunar returns. This makes the overall influence of signs more of a long-term, barely changing backdrop and thus negligible in effect. The house placements and the mutual aspects of the planets and Angles thus become where all the action is, fueled mostly by the faster-changing positions of the inner planets. That may be just as well, as trying to stuff too much interpretive information into a description of a single month leads to diminishing returns, and what is important gets lost in the shuffle. So what is most important in a Lunar return? Certainly the house positions of the Sun and Moon, and the sign of the Ascendant, which represent the main areas of focus for the month, along with the house positions of the planets. After that comes the aspects of the Lights, Angles, and inner planets to each other and to the middle and outer planets, which describes the dynamics of the month. Last comes the aspects of the middle and outer planets to each other, which provide a background dynamic upon which the rest play out. These, taken together with featured elements of your natal chart highlighted by Lunar Return positions, give an overall picture of the coming month.

Daily Events

After a look at the overall picture for the month, daily influences are painted primarily by the transiting Moon as it passes through the natal and Lunar return houses and ticks off its conjunctions to planets in both the natal chart and the Lunar return chart. This accounts for 47 occurrences, each of which happens once, in varying orders, throughout each month. As the Moon transits the houses and planets of the natal chart, it triggers events that are both personal to the moment and yet connect with more long-term issues as well, since the natal chart abides permanently. As the Moon touches the houses and planets of the Lunar return, however, its effects are to highlight and spark off the trends depicted in that chart only, and thus apply only to very short-term developments. These Lunar transits thus give what amounts to inner and outer pictures, short-term and longer-term effects working together, both of which are described in the text.

Personal Void-of-Course Moon

One final, and very useful, addition is the Personal Void-of-Course Moon. The period of time every 2 1/2 days when the transiting Moon has made its last aspect to another body in the sky before changing signs is described as a Void-of-Course Moon period. It can last from a few minutes to over a day, depending how late in signs the planets are at the time. Because the Moon at this time doesn't really have its "feet on the ground," is generally considered a period unfavorable for tangible decisions that require solid support, but an excellent time for insight, relaxation, and reaching outside of confining boundaries. Many astrological calendars include a monthly list of these times. If you have natal planets late in one or more signs, however, an ordinarily Void-of-Course Moon may still be making aspects to your chart, allowing you a special exception from the rule and giving you a decision-making advantage at this time. Conversely, if your planets are mostly early in signs, then for you the Moon goes Void-of-Course sooner than for the rest of the world, allowing you to check out and party early, while others are still in a more mundane frame of mind. Thus, included here is a list of your own Personal Void-of-Course Moon times unique to you alone, in order to give you a very specific personal advantage. They each begin when the Moon makes its last aspect to your chart and end when the Moon enters the next sign.

Lunar Return: Jun 15, 2006

As in a natal chart, the first thing you look at is the position of the Sun, Moon, and Ascendant. Their positions and aspects form the fundamental dynamic for the month: whether it's coming on like a juggernaut, sneaking up like a cat, stumbling in like a bull in a china shop, or striding in like a hero. Since the Lunar Return Moon is the same as your natal Moon, any aspects to it are also transiting aspects to your natal horoscope, thus uniquely entwining both charts and making the Lunar aspects especially important. The house position of the Sun and Moon tell you where your main action will be all month, and the Ascendant sign show the overall style. Easy aspects of these to the rest of the chart will show a month whizzing by according to plan. Hard aspects will indicate tangles and challenges to overcome. The text relays how to make the most of the former and how to transform the latter to get best results from the month.

Sun

It's not so much what you do but what others can do for you that will key this next lunar month. It's time to put your ego aside and let partners at home and work take the helm and steer for awhile - you'll be surprised where you end up. Rolling with this feeling will allow you some time to tend to your inner self while the outside is handled for you, so lean on your allies and praise them for what they accomplish, as what they do credits not just them but you and your association with them. This is a time partnerships of all kind can flourish if you throw yourself into the effort and lead with your heart.

Sun in Seventh House

The feeling you can get away with anything may be more accurate than you think this month, as energy flows easily in leaps and bounds and obstacles that might ordinarily be in the way are either swept aside or not there to begin with. The Sun reinforcing your natal Moon lends you the quiet emotional confidence that you are up to the task and that, whatever the details, your basic approach is correct and will be supported by other people and events. If you push the envelope, it will come naturally in the course of things and not likely cause problems or dispute. The only drawback might be that you assume too much, get too lazy, and forget to give that extra push to keep on course.

Moon Trine Sun

If you encounter persistent resistance this month, back off. Busting through unyielding barriers will get you nowhere, so simply go around the obstacle. There may be paranoia in the air, so avoid catching it yourself and let others be the ones to suffer unfounded fear or suspicion, and let them do it by themselves. Halting progress may

result, but better than involvement in pointless imbroglis that sap your resources without making any headway. For this reason, avoid arguments, however tempted you may be to correct someone who is grossly wrong. The more wrong they are, the more they are likely to fight about it. Instead, sow your seeds on more fertile ground for the benefit of all.

Sun Opposition Pluto

Moon

Whatever your head says about managing your money this lunar month, try following your intuition. You may get much more out of a first reaction on what to spend than a lengthy analysis and justification. Things you acquire now, however ephemeral or seemingly irrelevant, can pay off in unexpected dividends in the future. Pick up that extra duplicate before it's not available any more, and so forth. Above all, however, remember that if you don't like what you've got, get rid of it and keep what feels best to you. You can only successfully mine the resources that feel right, possessions are only worthwhile if they truly serve your purpose. Now is a time you are particularly gifted at knowing what will be a support and what will be a burden.

Moon in Second House

What you feel and what you want may be somewhat at cross-purposes, and this can result in both over and under reaction. Being true to your feelings may seem to hurt you, being false to them bring you gain. Neither bring satisfaction, and half-measures are even worse. What may be necessary is to take a closer look at your values, which are really what is at issue, and then follow that still, small voice which is your conscience, wherever it finally leads. Your greatest enemy is self-deception, a major symptom of the unexamined life. What, and whom, you think you want may lose its shine down the line, and you're not shopping for perishables. Pay extra for something that will last.

Moon Square Venus

It's a unique year when feelings may be hard to articulate because your inner emotional processes are going through a period of change and redefinition which won't solidify for a while yet. If you seem distracted from time to time, it's because you are and should be as you sort out a variety of personal approaches you hadn't really examined closely before. Since you are in the process of change, it's a good idea not to make snap decisions based on previous assumptions but rather take extra time to see if you may want to reconsider your approach and take another tack. You may not see the changes going on right now because you are too close to them, but you'll look back later and they will be quite apparent.

Moon Conjunction Neptune

Ascendant

Broad visions, grand illusions - it may be difficult to tell them apart this month, which is characterized by expansive energy and enthusiastic vigor that may at times be a little less than wary. The trick is not to bite off more than you can chew, as there will be plenty of details that demand attention which could be overrun by an all-encompassing, one-

size-fits-all approach. Harness the excitement, channel the passion, focus the fervor and you'll be in command of a juggernaut. Allow this horse to simply have its head, and you'll wind up in the back pasture. This is a month that begs you to take the reins, but not too tight, and ride it like the wind until you capture the prize and wear the laurel. The picture: controlled thunder.

Ascendant in Sagittarius

Sudden events that come at cross-purposes can make it difficult to chart a steady course this month, and if a sudden, unexpected gust hits you, expect another one. Choppy waters abound, but you stabilize the bouncing boat by staying in the middle seat, avoiding sudden moves that may tend to capsize you. You'd like to get up to speed, but stop-and-go traffic has you testy. What first seems contrary, though, will even out in the end if you don't overreact, even though others may. Unexpected events can tar your rep, shake up your house, but take them in stride and, mainly, don't take it personally.

Uranus Square Ascendant

Expect the financial outlook to be a little mushy this month, but that allows you to fudge things to please everybody, a path worth taking because it will serve you well. To a certain extent, you may find that by taking on the persona of others' hopes and illusions, you can help lead them to a better understanding of themselves, bringing you along in the process. So, feel free to empathize, sympathize, commiserate, condole and generally get into mutual feelings that help for better relationships and understanding. By serving as a mentor and a platform that helps achieve someone's aspirations, you do them and yourself a favor. Right now you will more easily play that role than usual, so take up the mantle if the situation suggests it.

Neptune Sextile Ascendant

The inner planets change significantly from month to month and indicate the personal permutations your life is going through. Basically, it's the framework of how you play the game, who else is playing, and how they're playing it. Easy aspects mean you win with no contest, hard aspects suggest a more hard-fought game that may put your life skills more to the test and increase your personal growth and talents through experience. The text relays both sides and gives advice on what games to play, what ones to avoid, and the best strategies - whether you want to raise, hold, or walk away.

Mercury

Communication with your partner or finding a partner you can communicate with will be highlighted, as will be the channels of rapport through which you do it. You can do a lot to help by concentrating on listening and better understanding where your other is at. If they don't tell you, how will you know? So encourage them to express themselves, make your relationship clear. For this reason, this is a good time to put together business deals where you are dealing one to one. You'll be able to button down details, avoid stepping on each other's toes later. Clarity of understanding as the result of careful expression allows you to get to central issues of the heart and the structures of living with

one another, at home or in the workplace.

Mercury in Seventh House

Venus

You should find time to take pleasure in pleasure, exult in creativity, and take the time out for love - whether with a partner or your family. You'll find yourself particularly inclined to let down your inhibitions in favor of a good time, and now's a good time for it. A particular talent to achieve grace and proportion will lend itself for awhile, so pick up the fruits as they fall from the tree. Life is a cabaret, and for awhile you're in the floor show if you'll just follow your nose. Make sure to take a lot of pictures, as this may well be a time you'll want to cherish in days to come. Operant phrase: make hay while the sun shines.

Venus in Fifth House

Chasing elusive butterflies can be a great temptation right now, but when you catch them, don't be surprised if they're just bugs. What you choose may not be what you want when you get it right now, either because you weren't seeing clearly or you have been sold a bill of goods. This is a very prudent time to look a gift horse in the mouth unless you're positive it's got a clean bill of health. "Perfectly clear" intentions right now may be murkier than you think. On the other hand, indulging small illusions in the interest of keeping the peace can be the humane thing to do, as long as you're sure your white lies have a silver lining. It's required.

Venus Square Neptune

Mars

Old issues may come back to haunt you this period, and you will likely dispatch them with vigor. Don't be impetuous, however, as you want to keep the tried and true, even if you've moved on to new territory. Old habits die hard, so don't kill them unless you have to. Watch you acquire, and you won't have to dispose of it. Keep a close eye on spending and particularly take care to have your payments in on time or your credit rating could take a hit. Conversely, if you're square with that department, this is a great time to pursue loans, credit, and investments from others. Don't tax your resources when you can let others bear the load.

Mars in Eighth House

Sometimes things get so tangled up you just want to drop it all and leave. You may feel like that now and then as well-meaning but slightly misdirected energy combined with barely off-base thinking leads into unexpected tailspins of unimagined dimensions. In many cases, it is better to just stop and start over rather than endlessly unravel the scrambled situation you've gotten into. Keep your sense of humor, however, and you'll have everybody laughing at themselves and ready to go again for a better try. This is a good time for working out the kinks, but not so good for launching new endeavors or making final commitments. The image that comes to mind is that of a dog shaking off water - have a towel handy.

Mars Square Jupiter

This is a time to be in it for the long haul, where getting things done requires patience, tenacity, endurance, stamina. That applies as much to your personal life as to the rest of the world around you. You will not get things done quickly, but you will do them well and have accomplishments to be proud of. Expect to be tired, but also expect to get that second wind that comes from pressing on anyway like a long-distance runner. Precision operations are favored, as is restoral, renovation, refurbishing, anything that puts new life into the old. What you spend a lot of time on perfecting will last, and hard work, however slow it goes, pays off in the end.

Mars Conjunction Saturn

You probably don't need to work that hard to be liked and well thought-of about now, but you need to have a fairly skillful hand at it. It's not what you do that does the trick, it's what you do to get others to do a speak on your behalf that shows the master touch. Do favors for free, but put your brand on them, so people remember where they came from. Don't use the hard sell, just make yourself available and interesting. Plant the seeds of desire so that they grow from within and when others praise you it will be their own idea, or at least feel like it. A small nudge at the right spot can start an avalanche, so look for just the right place/person and then apply the least leverage.

Mars Sextile Midheaven

The positions of the middle and outer Planets - Jupiter, Saturn, Uranus, Neptune, and Pluto, along with the Moon's North and South Nodes - change little from one Lunar Return to the next, so they add more of a backdrop, the stage set on which the monthly play is performed. They are very powerful, however, and their long-running helpful and troublesome aspects are not to be taken lightly. They can be like a rope to swing yourself across the stage or a trap door that will cause a fall if you're not watching. The text on the mutual aspects of these giants to the inner planets and the Lights, and where they fall by house, shows you just where to watch for them, what mood they're in, and how to get them on your side.

Jupiter

An expanding circle of friends can be your biggest resource during this period, so take advantage of all opportunities to hobnob with the best. Mixing with those who can be of especial help to you is very much in the cards if you are willing to go out there and do it. Don't be shy - you've got to try if you want to fly. It's a good time to be especially generous with your close friends, as they have been what helped you get where you are, and they are there for you when you call. Building on that intimate base will only help shore up the foundations of your success, especially when it takes allies to get the job done. No man, or woman, is an island - hand in hand is the way to proceed.

Jupiter in Eleventh House

This one-year-in-ten period is full of shifts and changes, struggles and dissatisfactions, confusion of purpose or profit in the world in general. If you didn't think ahead and see this coming, you can find yourself rather at the mercy of changing storms.

Although this may not affect you that much, it's affecting the general populus, so expect shifting sands on a regular basis. This applies not just to economics but to disagreements about the very makeup of moral fiber, right and wrong, which side are you on, and so on. Don't go for an easy fix, as a good one probably won't be available at all this year. The wise are waiting, not wading in.

Jupiter Square Saturn

Saturn

If you don't pay your bills on time, you'll suffer, and this is when you should be particularly careful to pick up every stitch. If you don't need the credit, don't ask for it, as if you're turned down it's a mark on your record. Use what's yours, not what belongs to others, and you'll be better off. Hoard your resources and don't pitch things you think you can't use, because you'll need them immediately the moment you do. Don't expect things from the past, rather rely on the future to supply your needs - it will become the past soon enough. This lunar month's lesson is self-reliance, and when you've got that, all the rest is gravy, so pitch in and make it so.

Saturn in Eighth House

Uranus

Flashes of insight, bolts from the blue, startling messages on your answering machine all could be around the corner. Sudden interruptions of calls and meetings, stop-and-go traffic more than usual, computer crashes, events bunching up together with long, vacant spaces between. It's a time of spotty and ragged communication, but when you get your point across, or get the message, you can find yourself on unexpected new ground. Don't try to keep it under too much control, just ride with it and see where it leads you. No times like interesting times, and here they are, so enjoy them. Don't make dates you can't break, or you'll be forced to break the dates you make. Just free your mind and see what happens.

Uranus in Third House

Neptune

It may be hard to keep a firm grip on your finances for a time, and if you want an exact bank balance, total it up several times. Forget exact certainty in that area and just ballpark it until the month is past. It's a good time to use free association to discover new sources of income, but not yet the time to act on what you find out. Don't believe everything that's promised in that area, but expect that some of it will indeed work out well, while the rest vanishes into thin air. Speculation runs rampant, but don't bet on blue-sky investments which can wither under the light of scrutiny. Be skeptical, but don't allow that to interfere with your creativity. After all, "if you don't have a dream, how are you going to have a dream come true?"

Neptune in Second House

Pluto

The keys to getting your way this lunar month likely lie in your ability to strongly

project your own personality in such a way that it overpowers others. This can make you the dominant, alpha player in your surrounds, but you may pay the price of resentment by others who feel pushed out of the way. A better way to approach this is to distribute extra credit to other players while quietly seeing that you have achieved your goals, and only your goals, in the subtlest possible manner. You could win in a shoving match, but it's better if competitors get at least a part of what they want, while you still retain the prize most important to you. The iron fist in the velvet glove is as obvious as you should get.

Pluto in First House

Node

Things you say to people this month could have in them the makings of long-term commitments, so watch what you say. Others may read more into what you say than you intended and think they've got a deal when they don't - or at least not when you meant to make one. To avoid disappointments and unwanted entanglements, choose your words carefully and remember that handshake agreements often hold as much water as a signed legal document. On the other hand, be on the lookout for especially good new ideas coming your way that could have unanticipated results. Thinking big will place you where you want to be, whereas thinking small will more likely result in entanglements. The devil, not the gold, is in the details this month.

Node in Third House

Featured Planets

When selected Lunar Return positions occupy the same spaces as bodies in your natal chart, this highlights certain natal inclinations for the month. It will mean that certain elements in your fundamental character will be emphasized both internally externally. These will be the areas that most appear to represent you for the moment and that others will seize upon as entry points to your personality. These are the areas in which you can put your best foot forward to make the most effective and gratifying steps ahead, providing your first line of challenges and opportunities to embrace the world.

Venus Highlighted by Sun

You will likely run across issues and opportunities that allow you to prove your charm and magnetism and set the tone in that division for some time to come. Expect to have both the need and desire to captivate your audience and come away with the prize due to a combination of innate charisma and studied attraction. Getting what you want, be it money, love, position, or more altruistic gains, will be highlighted, so make sure that you not only get what you want, but want what you get, as you may have to be satisfied

with it for some time to come. Be careful of what you wish for, as you just might get it, and when you do, you will want it to satisfy long-term.

Daily Events: Jun 15, 2006

As the Moon speeds on through the month, the minute hand of your Lunar Return, it moves through all twelve houses of both your natal chart and the Lunar Return chart, as well as hitting both sets of planets. These are the times to look for specific events that activate these parts of your monthly picture and will offer times for making your best moves. There are forty-seven such events, and they repeat every month, but not at the same time or in the same order. Plus, the playing field and basic potentials of each month differ, so each of the basic transits has a different role to play every month, while retaining its core implications. The individual transits begin with the symbolism of the degree at which they occur, followed by an interpretation of their general meaning, and finish with a handful of specific "issues and accents" to address, which they may bring into your life. Finally, your personal Void-of-Course Moon periods will vary widely and are important timing factors in the daily decision-making process, so keep a close eye on them.

It takes a village to get anything done, which means to get things moving you've got to talk to everybody in town. If you take this time to be the great communicator and unify your social network you will find there are plenty of hands to go around to get it all done. Open new avenues of discussion that focus not on theory but on everyday nitty-gritty, things that grease the skids for all concerned and avoid wasted time by getting rid of repetition, misunderstandings.

4° Pisces: *The narrow isthmus between two summer resorts, both sparkling with life, carries crowded holiday traffic safely. DELIVERY*

If you are tempted to highlight your insufficiencies, do so in the interest of a better and less wasteful existence. When things suddenly stall, it's usually for a reason, and now's the time to find out why. Don't bash yourself, do improve yourself, you can't overcome your limitations until you truly know what they are.

Similarly, limitations are often imposed because you haven't made sufficient use of what's already on your plate. Say grace, and you'll receive grace.

Issues and Accents: *limits, cramps, boundaries, property, despondency*

03:24 pm **Moon Enters Natal 10th House**

4° Pisces: *The narrow isthmus between two summer resorts, both sparkling with life, carries crowded holiday traffic safely. DELIVERY*

Professional considerations should be looked at and adjustments made to see that your name is recognized and respected among your peers. While your attention is on it, touch up that resume, touch up your image, and take some time to advertise yourself. Make mileage out of compliments and take credit where it is due.

Follow up leads and don't be shy about blowing your own horn, as long as you can truly live up to what you promise. Time to wave the flag - yours.

Issues and Accents: *power, retirement, patience, father, judgment*

Sat Jun 17, 2006 Moon in Pisces

09:58 am **Moon Conjunct Return's Uranus**

15° Pisces: *An officer in unkempt campaign uniform is preparing to drill men dressed in military tops quite worn for wear. FIRMNESS*

Taking risks on sudden, far-out ideas may generally be inadvisable, but this may be just the time to do it. Sudden flashes of insight may cut through the normal, humdrum solutions and start you thinking out of the box. Don't just throw caution to the winds, but don't hesitate to try something new and different this month if it seems appropriate to the occasion. Remember, however, that doing so may change more than you think and could have you off balance unless you take a flexible stance.

Sun Jun 18, 2006 Moon in Pisces (Enters Aries at 11:54 am)

06:47 am **Moon Void (Personal) Ends: 11:54 am**

07:09 am **Moon Void Ends: 11:54 am**

12:14 pm **Moon Conjunct Return's Moon's Node**

1° Aries: *A woman has risen from the water; a seal has emerged also, and is embracing her. REALIZATION*

This is a time when the fox comes into view and the chase is begun, but you may not want to participate in the hunt, so take stock before you go galloping off. The opportunity for emotional or financial attachments and the responsibilities they entail may be something you want to pass on for the moment. Today's blithe commitment all too often becomes tomorrow's burden, so be sure that you really want it before you saddle yourself with more than you may want to carry. This does not mean avoid commitment altogether, but that many call and only a few should be chosen.

07:37 pm **Moon Enters Return's 4th House**

5° Aries: *A white triangle is seen; it has golden wings. ZEAL*

Attention to laying the foundations of what you are going to do and be for the

month is the order of the day. Build from the ground up and don't start on the first floor until the basement is done. You don't have to complete it all right now, but have the order determined and your materials ordered so you don't have to go back and draw up altered plans later. Where you've already put it all together (or mostly), tidy up the joint, set your house in order.

Issues and Accents: *reflection, nostalgia, mood, enrollment, kitchen*

11:47 pm Moon Enters Natal 11th House

7° Aries: *A man comes forward flushed with the successful and simultaneous expression of his talents in two separate realms. EXPANSION*

This is a good time to look to close friends for support, either as backing for endeavors you need help with or just for general emotional support and refueling. It's also a good time to tap into others' creativity when your own inspiration well runs a bit dry, and you'll find yourself refreshed as a result. In a similar vein, you may also want to tap into higher resources, both spiritually and financially, to pick up some of their overflow for yourself.

Issues and Accents: *hold outs, emotion, anticipation, misgivings, detachment*

Mon Jun 19, 2006 Moon in Aries

Tue Jun 20, 2006 Moon in Aries (Enters Taurus at 03:23 pm)

12:38 pm **Moon Void (Personal) Ends: 03:23 pm**

02:21 pm **Moon Void Ends: 03:23 pm**

09:23 pm **Moon Enters Return's 5th House**

4° Taurus: *The rainbow's pot of gold is revealed in the midst of a shower of sparkling and flashing colors. VISUALIZATION*

Making the most of playtime can do as well for you as the most earnest work, and setting time aside for recreation and generally creative pursuits will serve to refuel and reinspire the rest of the month. The works of your life are your children as much as any son or daughter, and when they are conceived and nurtured in love, the result can only bring reward. So, listen to the natural soul inside and take some time now to bring those inner voices into the sunshine.

Issues and Accents: *theatrics, relaxation, charisma, recklessness, audience*

Wed Jun 21, 2006 Moon in Taurus

10:10 pm **Moon Enters Natal 12th House**

18° Taurus: *A woman is holding a linen bag out of her window to give it fresh air and sunshine. SUBLIMATION*

This is likely the quiet time of the month, a lull in traffic, the calm before the storm of renewed energy that will follow. Retreat and contemplation, with resultant renewal and regrouping, are favored pursuits. Use down time to reconsider your options and make sure you are really on the right course. Inner challenges you grapple with and resolve now will result in more focused and effective action when the time comes for it, which will be shortly.

Issues and Accents: *charity, stealth, escape, memory, mercy*

Thu Jun 22, 2006 **Moon in Taurus** (Enters Gemini at 07:49 pm)

03:18 am **Moon Conjunct Return's Venus**

21° Taurus: *A moving finger points to the significant passages in a large open book. ANALYSIS*

It's a good time to be presenting things in the best possible light and dressing up your reality in its Sunday best. When you look good, you feel good, and you make others around you feel better as well. By surrounding yourself with the trappings of love, desire, wealth, and beauty, you bring those very same elements closer to you, so indulge yourself in order to attract the future wherewithal of self-indulgence. In other words, consider play to be an investment in the future as one good thing leads to another.

Issues and Accents: *beauty, bonding, mother, customers, affairs*

06:07 am **Moon Conjunct Natal Jupiter**

23° Taurus: *A magnificent jewelry shop is revealed, containing every conceivable article of value or beauty. VALUATION*

Look for circumstances to further your good fortune and new ways to develop that further your agenda. This is aided by a generally positive, can-do attitude and a feeling that it's all going to work out for the best. And that's an approach that can make for excellent self-fulfilling prophecies. Generosity is the first option, which tends to be returned in kind, and a feeling of being in touch with the general operating system of life gives insight to the heart as well as the head.

Issues and Accents: *forecasting, nutrition, desirability, travel, achievement*

02:51 pm **Moon Enters Return's 6th House**

28° Taurus: *A woman in middle life stands in rapt, sudden realization of forgotten charms, in unexpected recovery of romance. PERSUASION*

The daily structure of your life and work is often taken for granted and so can fall into disrepair. This is a time to reinvent the ordinary and make it special, to see that the habits and methods that make up your daily operations actually serve the purposes for which they were intended. By being a do-it-yourself efficiency expert, you can make this month more productive and less boringly repetitious. If it works, embrace it. If it doesn't, erase it.

Issues and Accents: *tension, resources, doctors, deference, instruments*

05:01 pm **Moon Void (Personal) Ends: 07:49 pm**

07:31 pm **Moon Void Ends: 07:49 pm**

Fri Jun 23, 2006 **Moon in Gemini**

Sat Jun 24, 2006 **Moon in Gemini**

04:56 am **Moon Enters Return's 7th House**

19° Gemini: *In the somber archives of a sedate museum, a large archaic volume*

is somewhat conspicuously displayed. IMPLICATION

There is no greater opportunity in life than another person, and your ability to partner well now can turn this period into a cornucopia of possibilities that would not be available operating solo. Don't expect to luck into a good relationship - the best ones are carefully built and meticulously tended. Creating and maintaining space for both to operate comfortably in is the key to making a partnership more than just two people making do. Tend to each other's houses and hearts.

Issues and Accents: *prejudice, friends, competitors, reconciliation, matchmakers*

03:01 pm **Moon Conjunct Natal Venus**

25° Gemini: *A gardener, with all of a mother's care for her child, is trimming a magnificent row of tropical palms. OBSERVATION*

Take the opportunity to express the warmth you feel and don't hesitate to display your social charms in a fertile, group context. Flattery will get you everywhere, so you can safely lay it on thick. Self-improvement and beautification are the way to go, but self-indulgence can slip into the middle, so watch that you don't overdo things because you just can't help yourself. Impulse buying is easy to do - be kind to yourself, but watch your wallet.

Issues and Accents: *banking, offspring, modifications, marriage, amusements*

04:22 pm **Moon Conjunct Return's Sun**

25° Gemini: *A gardener, with all of a mother's care for her child, is trimming a magnificent row of tropical palms. OBSERVATION*

The heart of the matter and the main focus of the month gets its greatest boost now, even if it may not seem so at the moment, so keep your eyes wide open and be ready to jump to the tune when it starts to play. It's a time to whip up enthusiasm, not necessarily to get down to brass tacks, so put on a happy face and spread good feelings around, even if nothing else seems to get done. By engendering warmth and excitement, you focus the flood in your direction and partake not only of your own energy, but the environmental electricity flowing down your wire.

Issues and Accents: *prestige, generosity, exhibitionism, arrogance, willpower*

07:12 pm **Moon Enters Natal 1st House**

27° Gemini: *A young gypsy youth comes springing out of the forest, regarding the spreading vista before him with deep interest. SCHOLARSHIP*

This is likely your most interesting and active time of the month, when you can project yourself more convincingly and with greater force than at any other time. It's the time to get things done in person, face-to-face, rather than by mail or phone, as your ability to project yourself is at a peak, as is the inclination of others to accept you at face value. It's a period to make extra space in your schedule, as you're likely to have more to do than you expect.

Issues and Accents: *self-improvement, deadlines, self-pity, advice, confidence*

08:18 pm **Moon Conjunct Natal Mars**

27° Gemini: *A young gypsy youth comes springing out of the forest, regarding*

the spreading vista before him with deep interest. SCHOLARSHIP

You may find yourself running into brief spells of irritability and/or impatience, when you want to get on with things but your way appears blocked. It's easy to get into a fight, perhaps even easy to win one, but it's not a good time to choose one. Avoid quarrelsome and contentious people who might get your goat and remember that most battles aren't worth fighting. Snap judgments are usually the worst, and you can't regret mistakes you don't make.

Issues and Accents: *accidents, effort, excitement, rebelliousness, incitement*

10:54 pm **Moon Void (Personal) Ends: Jun 25, 2006 01:48 am**

Sun Jun 25, 2006 **Moon in Gemini** (Enters Cancer at 01:48 am)

01:16 am **Moon Void Ends: 01:48 am**

02:30 am **Moon Conjunct Natal Moon's Node**

1° Cancer: *A man upon a ship stands impatiently with a flag in his hands, ready to run it up in place of the one now flown. DISCLOSURE*

Commitments undertaken at this time may last longer and require more of you than you now anticipate, so don't sign on the dotted line until you have read the fine print. And, don't casually say yes to something you don't really mean, because you may be held emotionally or financially accountable for it. This is a time to fine-tune your honor and become more closely aware of your emotional responsibilities, and realize just how much your behavior affects others.

09:06 am **New Moon**

4° Cancer: *In an imaginative tableau, a hungry cat is seen arguing earnestly with the mouse who is to be her victim. JUSTIFICATION*

New Moon in Natal 1st House

This New Moon marks a time of personal beginnings, when you find yourself shot into the limelight and all eyes turn toward you to see what you're going to do next. This may be somewhat startling, as it's rather different than what last month brought, and you will need to step up and display your self-confidence in a way that wasn't called on before. In a volatile situation you will need to have your wits about you as you will have a particularly high profile. The trick is to handle it with grace and not let it go to your head, as this, too shall pass and you'll want to look back on a level performance that maximized the opportunities dropped into your lap.

New Moon in Return 7th House

If ever there were a time for a blind date, this is it. The opportunity to try on someone new can present itself, and you can do it without commitment, without obligation. That doesn't mean irresponsibility - quite the contrary, if you've got nothing to lose, you're much more likely to relax and enjoy the freedom to be yourself. That way, you'll get an equally honest response. Even in established relationships, you'll find you can both try on new hats without having your roles reassigned, and that can go a long way toward better mutual understanding. If you don't like it, don't repeat it - but if you do, you'll have something new on your personal palette. Operative description: take a ride, it's free.

Issues and Accents: *effort, distance, embarrassment, self undoing, frustrations*

Mon Jun 26, 2006 Moon in Cancer

09:37 am **Moon Enters Natal 2nd House**

18° Cancer: *On all sides is the bustle of the barnyard; in its old-fashioned and natural life, a hen clucks among her chicks. PROVISION*

Attention to cash flow and how to improve its balance in your favor catches your focus, and you'll find yourself basing both attitude and decisions on how much it costs, what it's worth, who wants to buy it. Your innate possessiveness is at its maximum and it may be hard to part with belongings, even ones you need to get rid of. It's also a time for reevaluation of what you think is important to you and why you consider it so, getting your ducks in a row and making critical choices.

Issues and Accents: *solitude, renunciation, penalties, strength, bargains*

01:25 pm **Moon Conjunct Return's Mercury**

20° Cancer: *During the celebration of some fete, the canals of Venice are crowded; in a gondola are serenaders merry-making. SENTIMENT*

This is a time for clearing things up and attempting to be particularly lucid about your current set of plans. New insights can be worked into the picture and details laid out to those who need to be in the know. Bounce ideas off other heads to see a less subjective view of your schemata, then proceed to set things into motion before you lose the freshness of the inspiration. Though feelings may compel, you're best off right now with only what can be expressed clearly in words.

Issues and Accents: *commuting, transportation, accounts, accountants, communication, telephone*

06:53 pm **Moon Enters Return's 8th House**

23° Cancer: *A serious little study group, a literary club, has met for social and intellectual fellowship in some member's home. ACQUAINT*

Financial self-reliance is a goal, but sometimes it's better to gamble with other people's money than your own. A carefully-wrought juggling act of balancing borrowed stakes with retooling and refitting your own personal resources can serve you as well as gold in a safe deposit box. Extra baggage that you eliminate right now will make that whole process work more efficiently, so what you can't reclaim for reuse, spin off as gifts or collateral.

Issues and Accents: *fees, intimacy, gratuities, accountants, reciprocity*

07:17 pm **Moon Void (Personal) Ends: Jun 27, 2006 10:10 am**

Tue Jun 27, 2006 Moon in Cancer (Enters Leo at 10:10 am)

09:22 am **Moon Void Ends: 10:10 am**

04:34 pm **Moon Conjunct Natal Sun**

4° Leo: *An elderly man in evening clothes, of poised and military bearing, stands alone before a lovely mounted moose head. TASTE*

This is likely your second most active time of the month, as your inner energies

get a boost and you are more likely to be in for some ego-stroking. As greater energy and enthusiasm flow, so do the opportunities to expend them, so you might take care not to overdo things or you'll drain yourself. This has a "launch-pad" feel to it, so make sure new endeavors begun now are birthed with a steady hand, as well begun is half done and you don't want slips at the starting gate.

Issues and Accents: *influence, vitamins, officials, employers, playgrounds*

Wed Jun 28, 2006 Moon in Leo

00:36 am **Moon Conjunct Return's Mars**

8° Leo: *A man of mean and low appearance, but with the burning fire of a great cause in his eyes, is stirring up discontent. LEAVEN*

A quick, deft thrust can slay your quarry, but shooting from the hip risks overwhelming return fire. Rash actions seated in annoyance or anger can do a lot more damage than just sitting on your hands and waiting it out. Forceful action can carry the day, but only if it's well thought out and comes from a cool head, not a hot heart. The opportunity here lies in knowing when to pass and let someone else make the mistake, after which you may capitalize upon it.

Issues and Accents: *daring, intolerance, danger, heat, virility*

02:20 am **Moon Enters Natal 3rd House**

9° Leo: *In a scene of weird display and brilliant colors, glass-blowers produce one by one the marvels of their craft. FORMATION*

Getting the word out, making connections, tying people and things together are the focus, and you can expect more phone and mail activity than usual, so adjust your schedule accordingly. It's a good time for touching base, but not ideal for in-depth conversations which may be put off until you have more time to get into them. Technical matters, networking, and anything that involves media are on the front burner, and machines can take on a life of their own, albeit briefly.

Issues and Accents: *perceptions, abbreviation, fingers, nephews and nieces, thinking*

02:43 am **Moon Conjunct Return's Saturn**

9° Leo: *In a scene of weird display and brilliant colors, glass-blowers produce one by one the marvels of their craft. FORMATION*

Setting limits and downsizing some of your operations may be just what you need to get a tighter focus and better utilize limited resources. This may at first seem a downer, but it's really a matter of putting quality over quantity. You cannot be all things to all people, so you have to select what role you can effectively play and divert your assets to support it. Carefully-chosen sacrifices allow all your guns to bear on the target you can't afford to miss.

Issues and Accents: *thrift, decadence, denial, punishment, distress*

Thu Jun 29, 2006 Moon in Leo (Enters Virgo at 09:16 pm)

11:25 am **Moon Void Ends: 09:16 pm**

06:05 pm **Moon Conjunct Natal Mercury**

29° Leo: *A mermaid has climbed to the rocky shore of a bleak coast; she awaits the prince who will bring her immortality. POTENTIALITY*

Sudden inclinations to figure things out and think things through are definitely the way to go, and it's a good time to put it down in writing lest you forget it. That's also a good idea because schemes hatched now may be somewhat colored by feelings of the moment that can be wisely edited out after a second look. Keep it simple and don't get bogged down in details for the time being and you can cover multiple topics and issues, solve multiple problems while the inspiration lasts.

Issues and Accents: *waitresses, travel, handwriting, fault-finding, maps*

06:05 pm **Moon Void (Personal) Ends: 09:16 pm**

07:58 pm **Moon Enters Return's 9th House**

30° Leo: *Into a letter is poured vital and confidential information; it is folded carefully, but the envelope is not sealed. CONFIDENCE*

Is your life cinema verite, or is there a plan? Now's the time to invent the latter or improve on what you've got. Dead reckoning can get you where you're going, but why not have a map? This is a good time for establishing the lay of the land, getting that aerial overview that confirms where you've been, where you are, and where you're going. You needn't rush off on the journey, just turn it around in your mind until you have a good grip on the possibilities it offers.

Issues and Accents: *possibilities, deliberation, insurance, extremes, stories*

Fri Jun 30, 2006 Moon in Virgo

04:48 am **Moon Enters Natal 4th House**

4° Virgo: *A little black boy is playing with white children; neither he nor they are aware of racial difference. PROMINENCE*

A general inclination to hold back and go inside for inspiration holds sway, which can lead you to tend home affairs or simply to withdraw a safe distance to consider what's important and what your next move will be. Similarly, it's a good time to refine defense strategies and patch up those fences that separate you from the neighbors and the outside world, literally and figuratively. When you are sure of your boundaries, you can more safely go beyond them.

Issues and Accents: *basement, preservation, fixtures, apartment, necessities*

01:40 pm **Moon Conjunct Natal Uranus**

9° Virgo: *An earnest but bizarre-looking individual is painting on a canvas; his art is futuristic and unintelligible. INAUGURATION*

The urge to think or act impetuously offers both risk and opportunity. A sudden change of direction or a new direction entirely can put you way ahead of the game, or get you thrown out of it. But, if it's within reason, fly with it and see what happens - nothing ventured, nothing gained. The best maneuvers often burst out full-blown like Athena from Zeus's brow. Don't be impatient with others who may not go along, and be ready to accept consequences, for good or ill.

Issues and Accents: *deviation, speed, contradictions, outlets, social contacts*

10:42 pm **Moon Conjunct Natal Pluto**

13° Virgo: *A statesman stands before the mob; his strong hand can be seen in a transforming of hysteria into new enthusiasm. PACIFICATION*

The inclination may be to push through to get your way, that for the moment the end justifies the means. Stand back and take another look, however, and you might decide otherwise. When you simply "must" do or have something, you probably shouldn't - at least not to the degree you are contemplating. Such feelings are signals that can get you in better touch with deeper emotions and are better used in that cause rather than in the service of a quick ego boost.

Issues and Accents: *physicians, love, lust, fate, sanitation*

Sat Jul 1, 2006 Moon in Virgo

Sun Jul 2, 2006 Moon in Virgo (Enters Libra at 10:07 am)

04:00 am **Moon Void (Personal) Ends: 10:07 am**

08:44 am **Moon Void Ends: 10:07 am**

07:18 pm **Moon Enters Return's 10th House**

5° Libra: *A teacher of the occult betrays his possession of real knowledge by the inspiration of his gathered students. INSTRUCTION*

What people believe you are often seems more important than what you really are, so crafting your public image is critical for success. This is always a mix of real achievements mixed with what's in the eye of the beholder, so make sure that you have both working for you. Find out now what other people, especially your peers, are saying about you and provide information to turn the opinion polls your way. Sometimes a spin doctor is more valuable than an M.D.

Issues and Accents: *accomplishments, permanence, professionalism, maturity, prudence*

Mon Jul 3, 2006 Moon in Libra

00:14 am **Moon Enters Natal 5th House**

7° Libra: *An eccentric old witch is feeding her chickens and seeking to allay their fear of a hawk whom she has just tamed. TRANSMUTATION*

This is a very open time of month, when spontaneity and warm feelings can flow more easily, and the creative and romantic urges compete to hold sway. A good time for connecting with children or for taking a little time off for fun and frolic. Risk-taking is easier, and you're likely better at it now, though don't go out on a limb unless you're sure. Don't push for concrete steps, but go with the flow and let things happen and the results will surprise and delight.

Issues and Accents: *treats, self-possession, clothes, lover, freedom*

Tue Jul 4, 2006 Moon in Libra (Enters Scorpio at 10:14 pm)

12:18 pm **Moon Void Ends: 10:14 pm**

07:07 pm **Moon Void (Personal) Ends: 10:14 pm**

Wed Jul 5, 2006 Moon in Scorpio

05:01 am **Moon Enters Return's 11th House**

4° Scorpio: *In an old-fashioned candlelighting service, a youth gains for the first time a sense of the great other world. LINKAGE*

What you can't do for yourself, maybe your friends can do for you, and a friend in need is a friend, indeed. You don't want to tap your nearest and dearest too often, but asking for help and support occasionally is part of what makes friendship, and you might do that now, even if you're not terribly in need, just to keep relations from getting rusty. A little mutual admiration can go a long way towards lifting your esprit de corps, and a heartfelt hug beats a handshake.

Issues and Accents: *relations, notices, consultations, aspirations, close ties*

04:52 pm **Moon Conjunct Return's Jupiter**

10° Scorpio: *A fellowship supper is served to a group of men brought together in reunion to live again in forgotten moments. FRATERNITY*

Positive thinking and a generous imagination can now set the stage for increased opportunity and a bigger piece of the pie. The only limits you have are those you impose upon yourself, and now is not the time to do that. Think big, not only for yourself but for those involved with you, so that win-win situations can blossom and lead to ever-expanding possibilities for all concerned. When you invest in others, you invest in yourself, paying dividends to your posterity.

Issues and Accents: *perfection, faith, tact, judiciousness, hope*

Thu Jul 6, 2006 Moon in Scorpio

03:20 am **Moon Conjunct Natal Neptune**

16° Scorpio: *A girl's face is revealed of fine, delicate aristocratic features; suddenly these break into a glorious smile. FERVOR*

Intuition runs strong for a bit, and chances are that hunch you have is correct, even if you can't put your finger on it or give a reason for your predictions. The same goes for your people-antennae, which are particularly tuned in to the feelings of those around you. It's easy to drift off into a daydream, or simply fog out at a cocktail party. Operating heavy machinery, however, is less than recommended. Don't try to dream and drive at the same time.

Issues and Accents: *pretense, seclusion, hidden relationships, addiction, insight*

08:19 am **Moon Enters Natal 6th House**

18° Scorpio: *A winding quiet road, carpeted by falling leaves, leads through an old-fashioned woods rich in autumn coloring. FULFILLMENT*

This period has a bit of a "back to work" flavor, where picking up stitches and buttoning down projects is the flavor of the day. Where you have gotten off schedule, either at work or in your personal habits or health regiment, now is the time to make the correction and get back on track. By strengthening routine so it runs by itself, you free your hands for more important things down the line and

prevent untimely trip-ups from overlooked details at the last minute.
Issues and Accents: *tension, doctors, deference, cooking, physicians*

Fri Jul 7, 2006 **Moon in Scorpio** (Enters Sagittarius at 07:14 am)
02:04 am **Moon Enters Return's 12th House**

28° Scorpio: *A pageant of fairyland is made visible to mortal eyes; the king of the little people is welcomed to his domain. FEALTY*

Behind-the-scenes maneuvering can go a long way toward setting you up for the main event, so don't feel you have to tell all right now to get things done. What you don't know can hurt you, so some non-invasive information-gathering on the sly may be just what you need to take some time for right now. Honesty is the best policy, but do no harm is the bottom line. The less said the better right now, and actions will speak louder than words when the time comes.

Issues and Accents: *intemperance, conspiracy, selflessness, secrets, miscalculation*

04:19 am **Moon Void (Personal) Ends: 07:14 am**
05:31 am **Moon Void Ends: 07:14 am**

Sat Jul 8, 2006 **Moon in Sagittarius**
04:30 pm **Moon Enters Return's 1st House**

19° Sagittarius: *The pelicans have been distressed by the intrusion of a man; they are moving their habitat to places unknown. MIGRATION*

This marks a period when it will benefit you most to use your personality as the winning card in any game you are playing. It's the time to make that sale, impress that client, charm that lover, play to the audience. Don't try to impress them with statistics or your track record, just wow 'em with the way you come on, with the conviction you have in what you present. This is the month's window for being on-stage, so take the opportunity to light up when it's presented.

Issues and Accents: *self-improvement, deadlines, access, confidence, self-denial*

Sun Jul 9, 2006 **Moon in Sagittarius** (Enters Capricorn at 12:25 pm)
04:33 am **Moon Conjunct Return's Pluto**

26° Sagittarius: *The scene is an old-fashioned battle; in the hot hand-to-hand fighting, a flag bearer distinguishes himself. EXAMPLE*

You may have to briefly force someone's hand in order to win this round, but that's all part of the game, so don't flinch at the possible necessity. Also don't be surprised if turnabout is fair play and you find yourself the subject of a force play. The bottom line is to remember that it's more than just your game and you can only win if everybody gets to the finish line. Don't try to overwhelm pockets of resistance, however, as a Pyrrhic victory is an empiric defeat.

Issues and Accents: *beginnings, regeneration, new beginnings, mysteries, plants*

06:12 am **Moon Enters Natal 7th House**

27° Sagittarius: *A sculptor is at work in his studio, and under his skilled hands, a lovely form slowly and surely takes shape. DELINEATION*

Personal relationships can be put into focus now, and you may find that you can share your emotions and responsibilities with a partner who will take a load off your back. By giving credit where it's due and avoiding competition or jealousy you will find you often receive more than you give, but then that is what usually results from an open hand and heart. Fairness is at a premium right now, so go out of your way to see that everyone is on an equal playing field.

05:23 pm **Moon Enters Natal 8th House**

18° Capricorn: *From the proud new warship of Britannia, in token of her maritime power, flies the Union Jack in calm dignity. SPLENDOR*

Credit can be looked at creatively and used to maximum effect, with particular attention to raising your limits without overtaxing yourself. Recycling efforts may pay off by repurposing something you would have otherwise disposed of. A glance back to the old ways of doing things can inspire and even pay off as you realize there's nothing really new under the sun. Taking out the trash, once you have decided what it really is, can feel like a fresh, new start.

Issues and Accents: *pressure, liabilities, discounts, immorality, self-transformation*

08:02 pm **Full Moon**

19° Capricorn: *A little miss of about five has gone to the market with a huge shopping bag and is quite as adult as anybody. FUTURITY*

Full Moon in Natal 8th House

If you've been chasing down that extra credit line, looking for a better deal on a mortgage or equity loan, this is a likely time to pull it all together, as long as you've got all your ducks in a row. That may mean scrambling for some last minute details or information to make it under a deadline, but there's real potential here. It's also good psychic weather for putting the finishing touches on restoration projects, picking up that antique you've been chasing down, and clearing out the cobwebs that may have been settling on lesser-used items. You'll have the courage to toss out those useless things you've been hoarding, and the burst of freedom will do you good. The theme: finish clearing the decks for action.

Full Moon in Return 1st House

You can find things at their most advantageous now, when you can pull it all together by sheer force of personality. You're likely to have solid support from partners if you require it, and they will let you take the lead if you appear to be headed for a conclusion. Your apparent ability to wrap up situations begun a couple of weeks ago will be the indicator of your power, so you should sell yourself as a unifier who can bring disparate parts into a finished whole. Don't feel you have to succeed at it 100%, as your role may be quite different next month, but give it your best shot and see if you are comfortable filling out this persona. Catch phrase that fits: test of leadership.

Issues and Accents: *pressure, discounts, love, immorality, self-transformation*

23° Capricorn: *The army is erect in a long faultless line as resplendent officers confer upon a private two awards for bravery. RECOMPENSE*

This month's finances are best dealt with, or at least planned for, during this two-day stretch. Make decisions, allocate funds, plan a budget, write checks, anything that can go towards wrapping up your money issues for the month. Once these issues are out of the way, you can move on to networking on your next set of issues. This is the time to count your recent winnings, impact any losses, and see what your bottom line is going to fund for you in the near future.

Issues and Accents: *substance, supplies, punishment, advantage, immaturity*

04:30 am **Moon Enters Natal 9th House**

9° Aquarius: *A student sits in quiet meditation, and before his eyes a flag seems to form and then changes slowly into an eagle. ACCEPTANCE*

This can be an ideal time for those long conversations and ambitious exploration of new mental and emotional territories. Your reach feels greater than before and you are only limited for the moment to what you can imagine, leaving the details for later. You can stand back and examine the big picture and chart your way through it. Travel broadens the mind, whether it be a physical trip or an armchair journey of the mind. Believe in what you conceive, and it will come true.

Issues and Accents: *suggestions, informality, magnanimity, assumptions, advertising*

11:03 pm **Moon Conjunct Return's Neptune**

20° Aquarius: *A large white dove circles about and about overhead and then descends and proves to be a carrier with a message. CELEBRITY*

Trust your feelings and try to harness your intuition, which is favored. Although goals are different from dreams, you must dream to have goals, and it's at times like this they are born. The seeds of the future are borne on the wind, and when

reveries come to roost, the fantasies of tomorrow become the accomplishments of today. But like a hall of mirrors, only one of the images is you, and you will have to find out which one that is, in order to make it come true.

Issues and Accents: *obsession, holidays, forgetfulness, intuition, clarification*

30° Aquarius: *A mystic moonlit field near the site of a mystic and traditional Babylon has sprung into delicate white bloom. RETROSPECT*

It takes a village to get anything done, which means to get things moving you've got to talk to everybody in town. If you take this time to be the great communicator and unify your social network you will find there are plenty of hands to go around to get it all done. Open new avenues of discussion that focus not on theory but on everyday nitty-gritty, things that grease the skids for all concerned and avoid wasted time by getting rid of repetition, misunderstandings.

Issues and Accents: *ridicule, books, whispers, departures, errands*

10:08 pm **Moon Conjunct Natal Saturn**

4° Pisces: *The narrow isthmus between two summer resorts, both sparkling with life, carries crowded holiday traffic safely. DELIVERY*

If you are tempted to highlight your insufficiencies, do so in the interest of a better and less wasteful existence. When things suddenly stall, it's usually for a reason, and now's the time to find out why. Don't bash yourself, do improve yourself, you can't overcome your limitations until you truly know what they are. Similarly, limitations are often imposed because you haven't made sufficient use of what's already on your plate. Say grace, and you'll receive grace.

Issues and Accents: *bitterness, fear, malice, illness, despondency*

4° Pisces: *The narrow isthmus between two summer resorts, both sparkling with life, carries crowded holiday traffic safely. DELIVERY*

Professional considerations should be looked at and adjustments made to see that your name is recognized and respected among your peers. While your attention is on it, touch up that resume, touch up your image, and take some time to advertise yourself. Make mileage out of compliments and take credit where it is due.

Follow up leads and don't be shy about blowing your own horn, as long as you can truly live up to what you promise. Time to wave the flag - yours.

Issues and Accents: *pride, discipline, certification, father, judgment*
