## **Introduction**

*"Why, man, he doth bstride the narrow world  
Like a Colossus; and we petty men  
Walk under his huge legs, and peep about  
To find ourselves dishonorable graves.  
Men at some time are masters of their fates:  
The fault, dear Brutus, is not in our stars,  
But in ourselves, that we are underlings."  
Julius Caesar (1599) act 1, scene 2 Shakespeare*

The subject of Fate or Destiny has triggered many a philosophical argument. What is destiny? Are the details of our lives pre-destined? How much free will do we really have? These are imponderable questions. This report does not offer the answers. Rather it gives us some signposts to help us on our life journey.

When meteorologists forecast the weather we understand that they are not telling us how to live our lives. Rather they are giving us information that may help us make our own decisions. As far as the weather is concerned our major decisions are whether or not to dress warmly or to take an umbrella. The astrological system of Transits is offering us much the same information. It is giving us an indication of the emotional and intellectual weather of our lives. It is up to us to decide our own destiny.

When using this set of interpretations, please bear in mind that, inevitably, every chart will contain some contradictory influences, and as a result certain interpretations of different items in the same chart may seem difficult to reconcile. However, this may still be an accurate reflection of what is happening to the individual whose transits are being interpreted, as people do experience conflicting desires, events and circumstances in their lives. It is the responsibility of the astrologer to synthesize these apparent contradictions in order to present a cohesive and realistic interpretation of the dilemmas of the chart.

2008											
Jan	Feb	Mar	Apr	May	Jun	Jul	Aug	Sep	Oct	Nov	Dec

**17 Dec 2007** (27 Nov 2007 to 1 Jan 2008)

TRANSITING CHIRON SQUARE RADIX CHIRON - Your experience during this transit will vary, depending on whether this is your first or second Chiron square. The first Chiron square occurs earlier in life, the second later after the Chiron opposition. If the first Chiron square is very early in your life, this is likely to be a time marked by trauma and unhappiness, possibly linked with a physical illness. If it is the second Chiron square, much later in life, it is potentially a very creative time, as by now you have a better understanding of yourself. With both the squares you are being asked to view painful experiences in your life in order to gain greater self-understanding. A healing process is involved, and as a result you may become a healer or teacher. Certainly you are being asked to put your life in order so that it reflects your inner self.

2008											
Jan	Feb	Mar	Apr	May	Jun	Jul	Aug	Sep	Oct	Nov	Dec

**23 Jan 2008** (27 Dec 2007 to 12 Feb 2008)

TRANSITING URANUS TRINE RADIX VENUS - This is a great time for relationships of all kinds, but particularly your most intimate relationship. During this transit you enjoy intuition, independence and excitement in your personal relationships. You also enjoy intellectually stimulating relationships with a balance of give and take. You have the ability to allow others plenty of freedom to be themselves, while enjoying their company. If you are already in a relationship, then it will take on these qualities. If not, then a new and exciting relationship may start during this time. This can also be a very creative time. Money may also flow easily.

2008											
Jan	Feb	Mar	Apr	May	Jun	Jul	Aug	Sep	Oct	Nov	Dec

**12 Jan 2008** (28 Dec 2007 to 25 Jan 2008)

TRANSITING CHIRON OPPOSITION RADIX MARS - You are being forced to reassess your direction in life and to realign your goals on a more spiritual basis through an external event or another person's action. This could be through the physical illness of a loved one, which forces you to slow down and contemplate your future. Alternatively it could be an event which has sparked deep emotions and a search for more meaningful pursuits. Perhaps something has happened which threatens your goals and ambitions. It is also possible that you are being asked to take a new path which is challenging your deep-seated fears of failure or success. It is important that you work through any emotions so that you can clearly assess your future in the light of your true purpose. It is not the time for a wild display of emotions, but more a time of self-honesty and an expression of your true values.

2008											
Jan	Feb	Mar	Apr	May	Jun	Jul	Aug	Sep	Oct	Nov	Dec

### 31 Jan 2008 (2 Jan 2008 to 26 Feb 2008)

TRANSITING NEPTUNE OPPOSITION RADIX SATURN - This is a stressful time during which you lack your usual self-confidence. The foundations of your life are being tested and you are being challenged to view things in a different light. However, you may feel a little shaky. Don't be too hard on yourself. Rather, take some time out to reflect on what is really important in life. You are being asked to see the importance of the spiritual and more esoteric values in life, rather than the material ones.

2008											
Jan	Feb	Mar	Apr	May	Jun	Jul	Aug	Sep	Oct	Nov	Dec

### 7 Jan 2008 (3 Jan 2008 to 12 Jan 2008)

TRANSITING JUPITER TRINE RADIX MIDHEAVEN - Doors are opening in your professional and social circles. It is a good time for expanding your professional goals and making the most of any opportunities in this area. These could include offers of career promotion, study, and travel. Success is within your grasp if you seize the moment.

2008											
Jan	Feb	Mar	Apr	May	Jun	Jul	Aug	Sep	Oct	Nov	Dec

### 2 Feb 2008 (5 Jan 2008 to 29 Feb 2008)

TRANSITING NEPTUNE SQUARE RADIX MERCURY - At this time you are open to deception and confusion in your communications with others. It is a poor time for making decisions that require hard, logical thinking. Therefore it is best to leave any contract or business decisions until after the transit has ended. Information is just not what it seems. You may feel nervous, on edge and distrustful. You may find your attention wandering. It would be better if you could find a creative pursuit which enables you to slow down and relax - something which requires imagination rather than logic.

2008											
Jan	Feb	Mar	Apr	May	Jun	Jul	Aug	Sep	Oct	Nov	Dec

### 23 Jan 2008 (10 Jan 2008 to 5 Feb 2008)

TRANSITING CHIRON OPPOSITION RADIX PLUTO - Someone or something is compelling you to face deeply-buried emotional hurts from the past in order to heal them and move into a new and more joyful period of your life. This may not be intentional, and if you are not careful you find yourself locked in a power struggle in which you are fighting for supremacy. It is important that you act with integrity, otherwise the result could be devastating. It is possible that you and others are not conscious of the real issues. Outwardly your life may go on as if nothing has happened, but deep within your psyche changes are occurring which seem almost too overwhelming. It is as if a volcano is erupting deep within you with

somewhat frightening effects. It is best to consider carefully before taking any action that may result in regret.

-----											

**11 Feb 2008 (15 Jan 2008 to 9 Mar 2008)**

TRANSITING NEPTUNE SQUARE RADIX ASCENDANT - This can be a time of confusion in your personal relationships. There is a lack of clarity in either your own or your partner's intentions at the moment, and every time you try to sort things out the fog seems to thicken. It may be that one of you is involved in outright deception or it could just be that the communication lines are crossed. Either way it is best to be as honest as possible reflecting your true self as much as possible in all intimate encounters. In the meantime avoid making life-changing decision until the transit ends. It is particularly important to avoid making decisions about business partnerships and legal situations until this transit is over.

2008											
Jan	Feb	Mar	Apr	May	Jun	Jul	Aug	Sep	Oct	Nov	Dec
-----											

**10 Feb 2008 (28 Jan 2008 to 24 Feb 2008)**

TRANSITING CHIRON SQUARE RADIX VENUS - This is a painful time in your relationships, particularly if you are married or have an intimate partner. Sub-conscious patterns which have threatened the fulfillment of the relationship will come to the surface to be seen in the light of full consciousness. As a result your relationship with your partner is likely to undergo changes, which at first seem uncomfortable, but which will ultimately prove healing. It is possible that your relationship ends, but it is also possible that it will grow in a new form. What was once an unhealthy state of affairs can now blossom once the wounds of the past have been healed. You may also meet someone else who forces you to reassess your values and the true worth of your relationships. It is likely that your most intimate relationship will be affected by this transits, but it is also possible that friendships will be influenced.

2008											
Jan	Feb	Mar	Apr	May	Jun	Jul	Aug	Sep	Oct	Nov	Dec
-----											

**7 Feb 2008 (3 Feb 2008 to 12 Feb 2008)**

TRANSITING JUPITER SQUARE RADIX NEPTUNE - You are currently vulnerable to deception and disillusionment because the energies of this transit lead you to discard the more practical side of your nature in favor of a fantasy world. Your common sense has flown out of the window and you yearn for greener pastures. You may find yourself daydreaming of better times, or even taking up a fanatical religious pursuit. Therefore this is not the best time for making life-changing decisions or entering into agreements which demand clear judgment.

## 2 Mar 2008 (19 Feb 2008 to 15 Mar 2008)

TRANSITING SATURN CONJUNCTION RADIX MIDHEAVEN - Your place in society is highlighted during this phase of your life. If you have lived with integrity, focusing on achieving your personal goals while being of service to the community then it is time to reap the rewards of all of your hard work. Something that you have been planning for many years, anywhere from seven to 21 years, is about to come to fruition. You are at a peak. This could be related to your profession, parenthood, marriage or even your home. Perhaps you have been planning to build your dream house and now have the means to carry out this plan. It is more likely that you are gaining fulfillment in your professional life. Perhaps you have just landed an important account at work, or received a long-awaited promotion, or started a new job better suited to your skills. It is also possible that a project that you have been working on for many years is receiving recognition and rewards. If in the past you have chosen your profession in order to please someone else such as a parent or spouse, this can be a time when you decide to take responsibility for your own career choices and begin the process of changing professions. It can also be a time of extra social responsibilities, or a change in social status such as marriage (or divorce). Whatever your personal circumstances you now receive the recognition that you richly deserve. Generally speaking this is a positive time, particularly if you take your time to carefully consider your options. However, it can have some negative outcomes. For instance, this time does not augur well for you if you have shirked your responsibilities or if you have misused other people in your climb up the corporate ladder. In these circumstances, you are likely to suffer the consequences of your past behavior. You may face demotion, unemployment, the forced sale of your house, or perhaps even legal action. The planet Saturn is known as the planet of retribution. You are currently reaping what you have sown over the past seven to 21 years. You would be well advised to live up to your responsibilities at this moment in time. Accept your accolades and opportunities with grace and you can thoroughly enjoy your achievements. Face any tribulations with integrity and you will turn matters to your ultimate advantage. Whatever the circumstances you now have the ability to consolidate your life purpose and enjoy the fruits of your labor.

## 28 May 2008 (28 Mar 2008 to 28 Jul 2008)

TRANSITING NEPTUNE SQUARE RADIX SOUTH NODE - This can be a time of confusion when you are unsure of your purpose in life. On the one hand you are unsure of where you are heading, on the other hand you feel compelled to know your purpose. The answer is to keep seeking information which will help you better understand your purpose. However, you need to be very wary of any groups or people who try to influence you to change direction in life. The key to this transit is to explore possibilities without making any life changing decisions. The problem is that this is exactly what you feel like doing. Now is the time to explore those feelings, but not to take any action that has far-reaching consequences. The reason for this is that you currently lack discrimination and are vulnerable to artistic, spiritual and charitable urges, both from within you and from other people. You may feel that the world is your oyster, beckoning you to newer and greener pastures, however; now is not the time for taking such action. Rather explore new creative urges in ways that do not threaten your livelihood, loved ones or support structures and wait until the clouds have cleared. In the meantime, if you act with integrity, you will look back on this period as one

of profound inner change, perhaps in ways that you could not have foreseen.

### 9 May 2008 and 15 Aug 2008 (16 Apr 2008 to 11 Sep 2008)

TRANSITING URANUS TRINE RADIX ASCENDANT - You now have the opportunity to enjoy changes and new ways of building relationships with your loved ones. Relationships which had become a little mundane now seem exciting with a renewed sense of interest and enjoyment. Others will appreciate any innovations that you make to put the sparkle back into your relationships.

2008											
Jan	Feb	Mar	Apr	May	Jun	Jul	Aug	Sep	Oct	Nov	Dec

### 25 May 2008 (17 Apr 2008 to 2 Jul 2008)

TRANSITING CHIRON SQUARE RADIX MERCURY - This is a time of painful communications, in which you are either forced to face some hurtful words from another person or discover yourself delivering a few home truths. It is also possible that you will have to make some painful decisions, which can only be reached by delving deep inside yourself for the answers. Study, and particularly examinations, may be stressful. Through the mental stress of this transit you can experience an ultimate sense of healing. Perhaps you gain a greater sense of your own abilities in the area of communications, or gain a new understanding of those close to you. You may even discover writing talents, as you are forced to remain open to new insights and understandings.

2008

This may even be a physical wound or illness. On the other you may have the chance to heal a painful situation which has haunted you for some time. Forgiveness, either of yourself or other's actions, may feature strongly during this time. Whatever the circumstances, this is a time when you come to a greater understanding of yourself, which in itself is a very healing experience.

2008											
Jan	Feb	Mar	Apr	May	Jun	Jul	Aug	Sep	Oct	Nov	Dec

### 27 Jun 2008 (12 May 2008 to 12 Aug 2008)

TRANSITING URANUS CONJUNCTION RADIX MOON - If you like surprises then you will like this phase of your life. However, if you react adversely to change then you may find this period a bit challenging. Routines can be comforting but they can also get a little stale. During this phase of your life you

are being challenged to discard outdated habits and strike out in new directions. During this time of discovery you will learn that the old ways are not necessarily the best ways. This may a change in diet or lifestyle, or it could involve something more dramatic such as breaking away from parental or authoritarian influences. You may change your residence, moving to a place that offers you more independence from friends and family. Whatever the scenario you need to follow your newfound urge for change and emotional freedom. It is important that you continue to consider the needs and wishes of other people. However, you need to balance this with your own needs for independence and excitement. Your loved ones may feel a little surprised, even insecure, as they witnesses you change. You need to reassure them while continuing to explore. The path to emotional freedom may not be smooth. You may undergo times of uncertainty, frustration, moodiness and irritation as you attempt to change your patterns of behavior. Your loved ones may not immediately respond positively to your need for change. Your home life may be in disarray. However, your intuition is strong during this transit and you can use your inner knowledge to pursue an emotionally fulfilling path which respects both your needs and the needs of loved ones.

### 1 Oct 2008 and 3 Dec 2008 (19 Aug 2008 to 10 Jan 2009)

TRANSITING NEPTUNE SQUARE RADIX ASCENDANT - This can be a time of confusion in your personal relationships. There is a lack of clarity in either your own or your partner's intentions at the moment, and every time you try to sort things out the fog seems to thicken. It may be that one of you is involved in outright deception or it could just be that the communication lines are crossed. Either way it is best to be as honest as possible reflecting your true self as much as possible in all intimate encounters. In the meantime avoid making life-changing decision until the transit ends. It is particularly important to avoid making decisions about business partnerships and legal situations until this transit is over.

### 31 Oct 2008 (1 Sep 2008 to 30 Dec 2008)

TRANSITING NEPTUNE SQUARE RADIX MERCURY - At this time you are open to deception and confusion in your communications with others. It is a poor time for making decisions that require hard, logical thinking. Therefore it is best to leave any contract or business decisions until after the transit has ended. Information is just not what it seems. You may feel nervous, on edge and distrustful. You may find your attention wandering. It would be better if you could find a creative pursuit which enables you to slow down and relax - something which requires imagination rather than logic.

### 31 Oct 2008 (4 Sep 2008 to 27 Dec 2008)

TRANSITING NEPTUNE OPPOSITION RADIX SATURN - This is a stressful time during which you lack your usual self-confidence. The foundations of your life are being tested and you are being challenged to view things in a different light. However, you may feel a little shaky. Don't be too hard on yourself. Rather, take some time out to reflect on what is really important in life. You are being asked to see the importance of the spiritual and more esoteric values in life, rather than the material ones.

TRANSITING CHIRON SQUARE RADIX VENUS - This is a painful time in your relationships, particularly if you are married or have an intimate partner. Sub-conscious patterns which have threatened the fulfillment of the relationship will come to the surface to be seen in the light of full consciousness. As a result your relationship with your partner is likely to undergo changes, which at first seem uncomfortable, but which will ultimately prove healing. It is possible that your relationship ends, but it is also possible that it will grow in a new form. What was once an unhealthy state of affairs can now blossom once the wounds of the past have been healed. You may also meet someone else who forces you to reassess your values and the true worth of your relationships. It is likely that your most intimate relationship will be affected by this transits, but it is also possible that friendships will be influenced.
